Diversification with low correlation to other assets **PROJECTED GROWTH OF \$10,000**

About Surplus:

We expect there will be great opportunities, and millions of people wanting to participate in the potential upside of the crypto asset class.

Our goal at Surplus is to help busy everyday people understand and access the opportunities emerging in the cryptocurrency asset class. We want all those who so desire to be able to come along for the ride in a secure and simple manner, and to be able to benefit from the role crypto exposure can play in pursuing their investment and wealth objectives.

Today is an exciting moment for Surplus as a firm. We are currently growing quickly, having created the first crypto institutional grade products for crypto assets, decentralized finance, real estate and NFTs, with more to come. We provide education, partnerships, professionalism, and institutional grade products tailored to the everyday person needs, to help them build their view, pick their strategy, and get their exposure.

Surplus is currently a close-knit team of professionals. Think of us as a mix of an asset manager and a start-up. Our backgrounds combine technology expertise with decades of experience in asset management and private equity, coming from firms including Google, SoFI, BlackRock, J.P. Morgan, and Coinbase. We're backed by some of the mo

Information is for educational and illustrative purposes only. Surplus is not engaged in the business of the offer, sale or trading of securities and does not provide legal, tax, or investment advice. Cryptocurrencies and other digital assets are speculative and involve a substantial degree of risk, including the risk of complete loss. There can be no assurance that any cryptocurrency, token, coin, or other crypto asset will be viable, liquid, or solvent. No Surplus communication is intended to imply that any digital assets are low-risk or risk-free.

Digital assets are subject to a number of risks, including price volatility. Transacting in digital assets could result in significant losses and may not be suitable for some consumers. Digital asset markets and exchanges are not regulated with the same controls or customer protections available with other forms of financial products and are subject to an evolving regulatory environment. Digital assets do not typically have legal tender status and are not covered by deposit protection insurance. The past performance of a digital asset is not a guide to future performance, nor is it a reliable indicator of future results or performance.

Cryptocurrency Contract Assets (CCA) are an innovative Contractual product that is new to the consumer and cryptocurrency marketplace. Due to the ever-evolving Cryptocurrency marketplace, with a lack of regulatory oversight, it is important to note that SURPLUS DAO and CCAs is not registered with any Cryptocurrency based regulatory agency, Cryptocurrency based regulatory Commission, or Governmental Agency of any type whatsoever.
